

## LET US HELP YOU HELP US . . .

As many of you are aware the Seattle Parks and Recreation Department is moving to a computer lesson registration system very soon, called SPARC.

In the beginning we will be inputting names, addresses, phone numbers, and birthdays etc. for each of our participants. This will make our registration process take significantly longer the first time. That is why we at Ballard Pool will be doing a mail-in (or drop-off) registration system for our summer lesson programs. This will ensure that you won't have to wait in line to register for lessons.

However, you can help us out, by going on-line at your convenience to register your family's information ahead of time. Please go to **egov1.seattle.gov/parks** and **create an account for your whole family**. If you do this it will speed up our process when entering your swim lesson information. We appreciate all your efforts in making this transition process a little easier for everyone. **SPARC is privacy-protected and safe.**

To standardize the swim lesson program at all of our Seattle Parks and Recreation pools, our department has set the following standards:

- Kinder classes will be for 4 and 5 year olds only. Youth classes will be for 6-14 year olds.
- Specific class placement will be done in the water on the first day of class.
- There will be no change in the Parent/Tot program and classes for 3 year olds.
- When registration is available online (sometime this Fall) it will be open to all interested participants on the same day.
- Using the mail-in registration system, you can now **sign up for multiple sessions** for the summer. (Please use your best guess on what level your child will be in for Session II).

### **Just a couple of reminders:**

- ✓ If you are a Ballard Pool **current participant**, please make sure you have your mail-in registration postmarked by **June 9**.
- ✓ If you are a Ballard Pool **new participant**, please make sure you have your mail-in registration postmarked by **June 16**.
- ✓ Our **mail-in registration form is on the back**, and is also available on page 7 in our brochure.

### **BIG CHANGE:**

Ballard Pool is expected to be open 2 weeks longer than originally planned this summer. This makes all of our lesson dates and prices different than posted in our brochure; please note the following changes on the attached sheet . . .
